International Academic Associates

Adelaide City

Adelaide is one of Australia's most affordable cities; costing 19% less to live compared to Sydney and Melbourne, and around 7% less than Brisbane and Perth. Students in Adelaide are welcomed into a multicultural community; enjoying life with a low cost of living.

INTERNATIONAL EXPOSURE

Being an international student, when you travel to Adelaide, you get an exposure to prestigious universities and education providers. The city boasts some of the best universities that promotes an environment propitious to excelling in studies and also have a strong representation of international students.

PART-TIME JOB OPPORTUNITIES

As an international student, you'll also have opportunities to work for 40 hours per fortnight during your semesters and full-time during semester breaks.

Bangkok City

UNIQUE DESTINATION

Spice up your student life by studying in the Land of Smile for a semester or for an entire degree. Develop borderless networks of friends and collect unforgettable memories from an exotic place

AFFORDABLE

Studying in Bangkok is financially attractive as tuition fees are very competitive and the cost of living in Thailand is more affordable than most other destinations of comparable living standards.

INTERNATIONAL EXPOSURE

If you are looking for a truly international experience. Located at the cross-road of Asia, Bangkok is a truly cosmopolitan city where every culture mingles in a colorful global community.

FIRST-CLASS FACILITIES

Apart from learning from qualified professors, students thrive in their studies as they have access to a state-of-art library; equipments and a friendly campus.

Dubai City

Its strategic location and multi-cultural atmosphere make Dubai a fascinating environment in which to study. The advantages of an ultra-modern city, with excellent infrastructure and a vibrant youth culture, have helped ensure that higher education in Dubai has grown dramatically over the last decade.

EXPOSURE FOR INTERNATIONAL STUDENTS

Quality higher education opportunities in Dubai, which build skills essential to drive economic growth and development, equip young people with choices that shape their future.

AFFORDABLE STUDY

Among many other benefits, tuition fee is one of the major benefits of studying MBA in Dubai where every year thousands of international students flock down to pursue thier study. Besides being an affordable destination to pursue higher study, Dubai also has a wide range of scholarships on offer for domestic as well as international students.

Singapore City

Singapore is emerging as a popular destination to study among the international students. In today's relentlessly innovating global economy, knowledge is not pursued in isolation. Singapore known for its vibrancy and numerous tourist destinations has some of the top universities of the world. For higher education, large number of overseas students comes to Singapore to enroll themselves in the colleges and universities of Singapore.

HUB FOR EDUCATIONAL EXCELLENCE

Over the years, Singapore has evolved from its traditional British-based education system to one that endeavors to meet the needs of individuals and seeks to nurture talents.

A MULTI-CULTURAL NATION

The Nation's rich multi-cultural heritage is highlighted through the various ethnic groups (Chinese, Malays, Indians, Eurasians) living together. Singapore's high standards of living also something that student can be assured of.

CHANDIGARH

The City of Gardens & Education

India's modern and young city. PCA stadium, International Airport. Hub of education in North India. Almost 50,000 students come to the city for studies from the Nation and World. Fastest growing hospitality industry with upcoming 6 Luxury Hotels & 10+ Business hotels in the region. Lowest crime, pollution and smoke free city. Excellent public transport, medical, water, electricity facilities. Home of some of world's best gardens: Rose Garden, Cactus Garden, Botanical Garden. Excellent sports facilities like swimming, golf, lawn tennis, table tennis, squash and rowing. Art and culture centers like art museum, science museum, kalagram, rural and heritage tourism.

STUDENT'S SPEAK

After I completed my school levels, I wanted to enroll myself into a Hospitality Management Degree program in the local university but I realized there were few choices around and I don't really like the modules in their program. The modules in HCMI hospitality program is the main reason why I chose to enrol into HCMI. The lecturers in HCMI are very professional and they are always sharing their vast industry experiences in the Hospitality Industry.

Vishal Sharma, Himachal Pradesh

I visited many colleges in search of a college with good, reputable Degree in Hotel Management and I came across HCMI which offers a Bachelor's Degree in Hotel Management from PTU. Upon further research, I realized that HCMI has good reputation in grooming students to be industry-ready upon graduation. The staffs and lecturers here are very kind, understanding and most importantly, they displayed professionalism in hospitality.

Hriday Bora, Guwahati, Assam

The VJES induces a "Family-like" culture, where the lecturers and administrative staffs has a close personal touch with the students and are always there to lend a helping hand to us. Being in a class with classmates from different nationalities and backgrounds gave me to know and understand people and their cultural differences, I believe this will help me, one way or another, in future especially in the working world.

Julia, Manipur

After my schooling, I was searching for a college with good education pathway in Media Industry and I came across VJES. I just started my class a few weeks ago, the college's "Open-Door" culture has enabled me to adapt and blend into the college environment quickly. The lecturers and administrative staffs in VJES are very approachable and helpful towards our inquiries. It was a wonderful time in my life, and the best educational experience I've had.

Gurleen Singh, Punjab

HCMI is located in a great location in short radius to all the main points of interests. At HCMI from your first day there you could notice that the staff and the students will all be friendly and by the end of the week you will know them very well. This is a very key important characteristic that will help International students who are leaving home for the first time, as at HCMI you will feel comfortable of having a social life. As the Tourism industry is all about multicultural environments, so at the end of your course

you will be comfortable and confident with working with people from different environments.

Kensum, Arunachal Pradesh

My journey with VJES has been great and at the same time challenging as well with lots of ups and downs. I remember how nervous and lack of confidence I used to feel when I had to sit for any interviews. But as time passed on I learned a lot through various mock-drills and regular interactions and presentations in front of the faculty members I gradually became more and more confident. I appreciate the efforts of the placement department and excellent faculty members who have helped me to shape up my career.

DK Darishang Maring, Nagaland

The Hospitality Management Program gave me the knowledge and experience to build my career. I was able to take the education to complete my skills. I learned about all aspects of business in hospitality. Along with my genuine love of food and wine, my focus on customer service and a positive attitude have made me a tremendous resource for the hotel.

Akshay Vats, Haryana

Blessings come to people in different ways; mine was graduating from VJES as Medical Laboratory Scientist. Not only I was educated and mentored by qualified professors but also met great colleagues and friends along the way. I was taught by experienced staff, which made science sound like entertainment. One thing I want all of you to be sure about; if the time just could go back, I will definitely choose nothing but the VJES.

Balogun Olaitan, West Africa

Living in Bangkok and being aware of all the Tourism based developments going around my country, I grew curious and wanted to find out a bit more about the industry. I then searched online and found HCMI and went through their programs. I would recommend HCMI to all potential students who are interested in entering the Tourism Industry. Here you will also give you the opportunity to experience living in this Multicultural, colourful, bustling city.

Kannatee Pakeeissara, Thailand, Bangkok

SUCCESS STORIES

I joined HM College in Bangalore but had to quit in between due to family problem and then I came to know about HCMI they really helped me and I was able to complete my graduation with the guidance of the faculty of HCMI. I am now doing my master in university in London UK. I am really grateful to HCMI, Chandigarh.

Gaurav Gulati

Ambala-Presently in London UK

I did my Hotel Management graduation from HCMI, Since I belong to defence family, I decided to join armed forces, and Hotel Management helped me develop my confidence, personality, communication skills, and qualification. I am really thankful to the management of HCMI for providing me the right environment to build myself,

Sameer Sharma

Ambala

I did my Diploma in Food Production from HCMI. The faculty and infrastructure was very good after the course I was successful in getting a work permit from Canada. I am now well settled in Canada and working as a Chef. During my studies in HCMI, I was not only given technical knowledge and practical's Skills. We were also told life skills which have really helped me settle in Canada, today I have global exposure and job offers. My other classmates who are also settled in various countries give good networking. All the credit to Hcmi Team at Chandigarh, Keep it up.....-

Chef Jagdeep Singh Mann

Presently in Canada

Students from Africa Continent

S U C C E S S

After doing my Diploma in Hotel Management from Switzerland. I joined HCMI for my Graduation. I completed my graduation and during my final semester, I got offer for a work permit in UK and now I am settled in UK. The quality of education was no where less than International standards. -Ashish Bansal, Derabassi-Presently in UK

On completing my one year Diploma in Hotel Management and also Certificate III in hospitality examination from HCMI, on guidance of HCMI, I applied for permanent residence to Australia. I got my Permanent Residency. Now I am well settled in Melbourne, Australia. I owe this to HCMI; I would like to thank HCMI on behalf of myself & my other classmates who have same stories to tell.

Chef Amanvir Singh

Chandigarh-Presently in Melbourne, Australia

I am presently working with compass group UK, world no. 1 leading catering company presently based at Sydney. I owe this success to HCMI, when I joined them 2004 I was quiet confused and depressed. I had already wasted one year after 10+2 but with guidance of HCMI, me and my parents are well settled in Australia now. I have got my permanent residence. I am confident that HCMI will also help other candidaytes to be success stories like me.

Chef Pawandeep Singh

Chandigarh- Presently in Sydney, Australia
